

Been For A Ride, Lately?

Trotting along, minding your own business when suddenly you find yourself in an awkward position. Bent, tired and sore? What you need is a massage, but not just any massage will do...

Introducing the MIGUN HY-7000UM Thermassage

**“Whoa boy,
this is gonna hurt me!”**

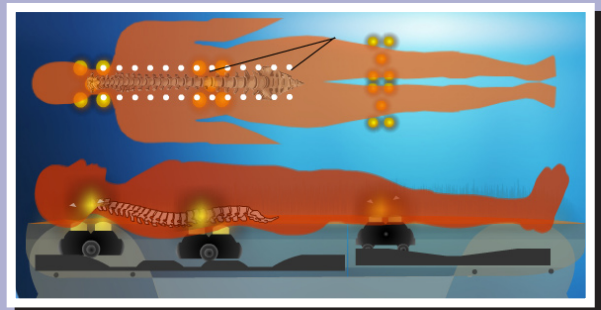

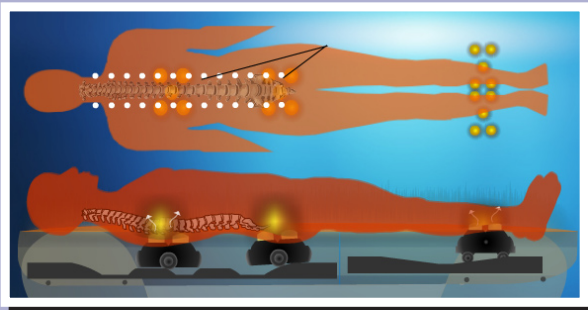

**More than a massage...It's beautiful health.
Clinically Tested, Clinically Proven, and Universally Loved.**

The MIGUN (ME-GUN) thermal massage table uses a combination of acupressure and infrared heat along the main energy pathways of the body to relax muscles, improve flexibility and enhance circulation.

Lay back and relax, the MIGUN does all the work.

MIGUN HY-7000UM

We need you. And we need you to be healthy.
Because your happiness is our growing business.
