

# Q5. Why do you see smiles on those who use Migun Thermal Massage Bed System?

**A** Migun not only improves your physical condition but also your lifestyle as a whole.

The greatest benefit of using Migun Thermal Massage Bed System is the change in lifestyle. When your body feels light and healthy, it makes your life that much happier and more vibrant. The Migun Thermal Massage Bed System has been clinically tested in South Korea and China with positive results. For the last two years, the University of California at Irvine School of Medicine has been studying the health benefits of the Migun Thermal Massage Bed System.
